CONNECT WITH REAL ESTATE LEADERS IN TURKEY

CONNECTING MINDS

Now in its 5th year, the Turkey GRI continues to attract over 200 local and international leaders in real estate investment in Turkey, a country where the real estate sector has historically been driven by sustainable economic growth, urbanisation, high employment, rapid population growth and increasing foreign direct investment.

The favourable conditions have not escaped the radar of foreign investors wanting to take advantage of tremendous growth opportunities, especially those in the Arab world. The new Turkish property law allowing many more foreign nationals to buy property in Turkey, coupled with an urban regeneration plan that has been adopted by the Turkish government as an urgent national priority is set to boost the sector further.

However, with a bearish outlook for the Turkish economy in 2012, what impact will a slowdown in economic growth have on the sector? Will the disruption in the dynamic supply and demand relationship change the trajectory of the real estate market?

Join us in Istanbul and engage in collegial discussions covering the latest developments in the Turkish market. Interact, connect and develop valuable relationships with senior influencers in the industry.

CHAIRING A DISCUSSION. WHAT IS IT?

Available exclusively to selected senior industry leaders that confirm their participation in advance, chairing a discussion at the Turkey GRI is a way of attending while enjoying greater visibility, reduced rates and other benefits.

There are no prepared speeches or presentations, the role of a Chair is not to talk, but to encourage everybody to share, discuss, connect and be involved.

There is nothing to do but show up on the day.
